AS LONG AS YOU  
MIND YOUR BUSINESS,  
THEY WILL MIND  
THEIRS...

Prepare to be enchanted and spooked as you step into the world of dark folklore and eerie tales with our Tam O'Shanter-inspired Halloween audio trail. Follow the flickering lantern light along a path of mystery and intrigue, where the veil between the realms thins, and the spirits of the past come to life.

This spectacular audio trail is completely self-led, allowing you the freedom to enjoy the haunted experience at your own pace. You can savour every step and immerse yourself in the fantastically frightening worlds of the story. All you need is a smart-phone and internet access to enjoy the audio trail. It is completely free to use, and we recommend completing the trail in order. Top Tip: Using Headphones will enable you to enjoy the stories in immersive 3D Audio.
